Title: PokéPal

Description: "As a user, you can log in either as a Trainer or a Nurse (Hospital staff). As a Trainer, you can view your Pokémon collection, register new catches,and keep track of what you have. You can click on any Pokémon to view its stats and,if possible, evolve it. If a Pokémon is not at full health, you can send it to the hospital for healing.Additionally, there's a calendar feature where you can schedule and keep track of upcoming gym battles. As a Nurse, you can view the Pokémon that need healing and check how long it will take for them to fully recover."
